

ENERGY SAVINGS ASSISTANCE

# COMMON AREA MEASURES

## INSTRUCTIONS

---

Use this template to submit photos for the Verification Package submittal for the Energy Assistance Program Common Area Measures (ESA CAM). Add, delete or re-size photo boxes and descriptions as necessary. Compressing the resolution of photos prior to inserting into the template to make the file size more manageable may be necessary, however all nameplates and details demonstrating compliance must be clearly identifiable.

Common measures are listed based on end use. Photos are only required for measures that are in approved ESA CAM scope of work. Measures that are not applicable to project can be left blank or deleted.

Tip: Once the cursor is inside the desired photo box, select 'Insert' > 'Picture' > 'From File' from the menu above to automatically resize the photos to fit the boxes. Link: [Rotate or flip a text box, shape, WordArt, or picture](#)

## Verification Photo Template

Version 1.0

|                                    |                               |
|------------------------------------|-------------------------------|
