The LED Wall Pack series light distills the benefits of the latest in LED technology into a high performance, high efficacy, long-life fixture. The outstanding photometric performance results in delivering even light output with proven energy savings and a long average lifetime.

The LED x are a better alternative to incandescent, HID, Halogen and fluorescent with quick payback and improved performance. Boasts typical energy savings and long life of the product requires less lamp and ballast maintenance.

**Applications:** Commercial and industrial building wall

### Dimensions

### Electrical Data

- Input Voltage: 120/277VAC, 50/60Hz
- Power factor: >0.9

### Qualifications

- Highly directional intense light optics technology
- Durable glass lens
- IP65 rated for outdoor use
- 5-year manufacturer warranty
- UL-listed, DLC-qualified
