

Home Improvements at No Cost to You

The Energy Savings Assistance (ESA) Multifamily Energy Savings program provides home improvements, at no-cost, to make homes more energy efficient, safe and comfortable. This program helps income-qualified residents save energy and reduce energy costs.

Energy and safety upgrades

Based on your personalized home assessment, if eligible, you can receive no-cost appliance upgrades and weatherization improvements that can make your home more comfortable and save you money now and for years to come. **Upgrades may include:**

New LED Lighting

New space heating
and cooling systems

New water
heating systems

New appliances
to replace your old
refrigerator or cooktop

Smart thermostats

Smoke alarms and
carbon monoxide
alarms

Door and window
weatherization sealing

Attic insulation,
qualifying repairs,
and more!

How it works

To qualify, residents must meet the requirements listed on page 2 of this flyer. Once your qualification is verified, the program provides pre-approved, licensed home improvement contractors who will:

1. Visit your home and identify energy upgrades.
2. Get approval from you and your property owner as needed to install upgrades.
3. Install home improvements at no-cost to you or the property owner.
4. Provide energy education on the new equipment installed and strategies to help reduce energy use and costs.

The program may schedule a follow-up visit after the install to make sure the work was done correctly.

Available for qualifying residents

To receive no-cost improvements, you must meet the following requirements:

-  Be a resident who lives at a multifamily property*
